ABOUT US

We work to provide you quality, USA made products that will enhance everyone's surroundings, landscape and home. We manufacture attractive, affordable septic vents and odor control filters.

OUR PRODUCTS

Pagoda Vents are made with recycled materials and sealed with a durable, zero emission, exterior powder coat finish. Our U.S. Patented Pagoda Vents allow for the free flow of air while the slotted

top keeps unwanted critters out! Your Pagoda Vent will not rust or fade.

The rejuvenating Pagoda Odor Filter Cartridge is simple to install. It is packed with media designed specifically for the effective elimination of septic system odors.

BENEFITS OF PAGODA BRAND PRODUCTS

Pagoda Brand Products are made in New England. They are attractive, ornamental and easily camouflaged vents. Pagoda Vents allow installers to leave a great last impression for appreciating customers. Any-

one can replace an existing unsightly vent or unattractive odor caps with a Pagoda. Our quality Pagoda Brand Products are environmentally friendly. To learn more on visit us online.

MADE IN THE USA

1' Pagoda Vent

Attractive and ornamental. The 1' Pagoda is easily camouflaged, but then, who would *want* to hide it? A perfect size for roof venting too. Use reducers for other than 4" connections.

2' Pagoda Vent

Yes it's really a septic vent! When 1' just isn't tall enough and 3' is more than you need. Enjoy the pleasant view in your outdoor space.

3' Pagoda Vent

As with all Pagoda Vents this vent is easily mistaken for an accent or landscape feature. The attractive Pagoda Vent blends into any rural, suburban or city landscape.

4' Pagoda Vent

Hands down NH homeowner's choice for a septic vent solution. Choose Pagoda, get a handsome yard accent.

Pagoda Odor Filter Cartridge

Rust proof aluminum cartridge filled to the brim with media made specifically for removing septic system odors. The Pagoda Odor Filter Cartridge fits perfectly concealed in the Pagoda Vent providing odor free results.

Live in deep snow country or need differential venting? Pagoda makes it easy. Find the height you need from 1' to 14'! If odor is a problem the optional Pagoda Odor Filter Cartridge is a quick fit and provides effective odor eating action.

6' Pagoda Vent
